REPORTS

WEM Principal Bobbie Jo Bastian and WEM Principal Dr. Jennifer Wilson submitted the following report:
Waterville Campus Information

All high school students and elementary students were greeted by staff in a green carpet welcome, a tradition at WEM. Students were cheered on by staff as they entered the building. It is a great and very positive entry into school and a fresh new year!

A big thank you to our custodial staff for working feverishly in the final weeks of summer and around construction projects. Both sides of campus were fresh and ready for our students and staff on day 1.

Construction projects on both sides of campus are fantastic makeovers to the spaces and we are so thankful for them.

For the year we will again have Southern Minnesota Counseling Services meeting with students and providing therapy. This is an ongoing partnership we are so very thankful our students have access to. We will continue to partner with Christine Meeks (youth mental health navigator) through the service cooperative.

WEM Football is hosting a Tackle Cancer activity with a variety of activities including collecting coins for cancer research. The varsity football players are coming down to the elementary before games on Friday mornings to play with students ahead of the bell ringing. This has been well received and a great way to build community across grade levels. Thank you Coach Stier for the leadership and forward thinking!

K-4

The first day for our elementary students was Wednesday, September 4. Our teachers were ready to greet our students in the morning and have had awesome days since.

A big thank you to our food service for being patient and eager to help our youngest students as they navigate the lunch line for the first time.

Kindergarten will be attending a field trip to the apple orchard in Montgomery on September 27 in the afternoon.

Picture Day in the elementary was Tuesday, September 17. 9-12

High school students kicked off their first day of school on Tuesday, September 3. It has been an awesome and very positive start to our school year! The high school has a plethora of student leaders and we are so excited that our fall sports teams are off to a successful start (both in and outside of competition).

Thursday, September 26 WEM's 10-12th grade classes will at-

tend a mock crash hosted by Le Sueur County EMS teams and To Zero Death's Coalition. WEM will have 3 student participants: Senior Gabe LaCanne (reading part) and Juniors Tarek Tolzman and Jacob Androli (actors).

High School picture day is coming up on Friday, September 27. Lifetouch will be our host for photography.

We received notice earlier in September that Mr. Immerman has been approved to teach Statistics as a College in the Schools course. Students who elect to take this math class will receive college credit through SMSU, also a part of the MNSCU system (Minnesota State Colleges and Universities).

WEM Principal Myles Knutson submitted the following report:
Greetings School Board Members,

The first few weeks of school at W.E.M Middle School have been going tremendously well. I have enjoyed walking the halls and visiting classrooms to see so many unique experiences of relationship building and learning. Two very important things we provide for our students at school. Here are a few updates from the Middle School:

- BUCS Pride Expectations: I was extremely impressed with the PBIS committee's plan to teach and explain BUCS Pride Expectations and routines throughout the first two weeks of school. I have never seen such a unique, in depth plan to teach students expectations than what I saw these past two weeks. These lessons and experiences set the tone for our students and staff to have a successful 2024-25 school year.

- Student vs. Staff Competitions: A highlight of mine the first week of school was introducing a new addition to our all school assemblies which will consist of student vs. staff competitions throughout the school year. We will celebrate positive behavior by recognizing "Rockstar" students at these all school assemblies and then drawing names for these Rockstar students to participate in a competition against some staff members. Unfortunately, the students took down the teachers in the first competition of the year, but the experience of friendly competition, cheering for one another, and celebrating positive behavior was a perfect ending to everyone's week!

- School Newscast: Two STEAM classes will be working on a project throughout the quarter to write, direct, film, and produce a school "newscast" for our school that each homeroom will start their day with watching. These newscasts will serve as our morning announcements and broadcast important information for students to know and include fun topics and segments for enjoyment. The engagement, learning, and creativity I've seen in this classroom has been outstanding!

- Homeroom Visits: During the 2nd week of school I started visiting homerooms to get to know the students and play a game with their class. It has definitely been one of the best parts of each of my days to go into rooms and interact with our students in a fun and positive way. It is a goal of our school this year to start each day with a Homeroom time dedicated to getting us settled in for the day and provide intentional, positive interaction between our students and staff.

Thank you, Myles Knutson
WEM Community Education and Activities Director Jeff Boran did not have a report this month.

WEM Board Member Reports

There were no Board Members reports.

WEM Board Committee Reports

The Diversity Committee (Gary Michael and Brenda Heuss) met.

WEM Superintendent John Regan presented the following:
• Superintendent Regan commented on the school audit being in process, Jocelyn Brown, a WEM junior, being named as a student school board member, weight room equipment has arrived, weight room stuff from the basement will go up for sale, and school board appreciation was in the month of September.
